Records
of
Land and Meadow
Grants &c.

# of the Town of
Eastham.

From 1654 to 1743.

Transcribed from the original records at Orleans. 1856.

Note. _These records of Grants are comprised in 2 closely written volumes of medium size _ in which are described all the land, meadow &c, laid out & grante to individual "townsmen" and joint proprieties.

Many of these grants being being to persons without the present limits of Eastham were passed over, & such portions only selected as the transcriber judged most interesting to the people of the Town.

The Deeds and other legal documents are inserted mostly as antiquarian curiosities, showing the way & manner in which the business of our ancestors was performed in olden time.
